Stainless Prop 	Quicksilver propeller. For V6 outboard offshore fishing boats to Bravo I/O sterndrive vee-bottom sport boats, cruisers and race boats. Approximately a 14.25" diameter.	$100
~~3~~ 2 Aluminum Propellers 	Propellers range in size and pitch. Approximate diameters are as follows: 13.5" 13.75" 14" Please call 799-8574 for more information.	$20 ea.
Raymarine Pathfinder Chartplotter and Digital Sounder with Radar 	The chartplotter and digital sounder units were acquired from a working environment where the two plotters were used together on the same control unit. The two ran through the same digital sounder and used the radar pictured. The two do not have to be used in conjunction with one another. User-friendly and features the superior radar target detection. The HD sounder presents the more life-like bottom structure presentation without the need for manual turning adjustments.	$150

Shakespeare Antenna Extensions 	Two Shakespeare 4008-4 antenna extension masts. Used to extend the reach of smaller marine antennas by increasing their height above the water. These masts are sturdy, lightweight, and 1½" in diameter made of structurally strong fiberglass.	$50 ea.
Radar Reflector 	Radar Reflectors (more accurately called Radar Target Enhancers or RTE) reflect radar energy from other vessels' radars so that your boat shows up as a larger and more consistent "target." If you operate your boat in areas with shipping traffic or where fog and low visibility are common, the ability to be seen by radar-equipped ships can make the difference between being seen and being sunk.	$10

For more information or to purchase please contact Peter at (207) 799-8574 or at pmilholland@cascobay.org. All reasonable offers will be considered. Cash or check only.
